

Amendments to the Specification

Please rewrite substitute specification paragraph [0118], submitted in the Amendment filed May 16, 2011, as follows:

[0118] Evaluation Test

Bemcot was immersed in a weakly alkaline cleaner, [e.g., Cleaner IC-100S, manufactured by LION OFFICE PRODUCTS CORP.] and was then reciprocated by 30 times on each antireflective laminate prepared in Example 1 to Comparative Example 2 under a load of 1 kg. In this case, the following properties were measured and evaluated before and after the reciprocation and are shown in Table 1 (before the test) and Table 2 (after the test).
